

Technical Quick Guides

Creating a limited access user to NVR and add to the DMSS

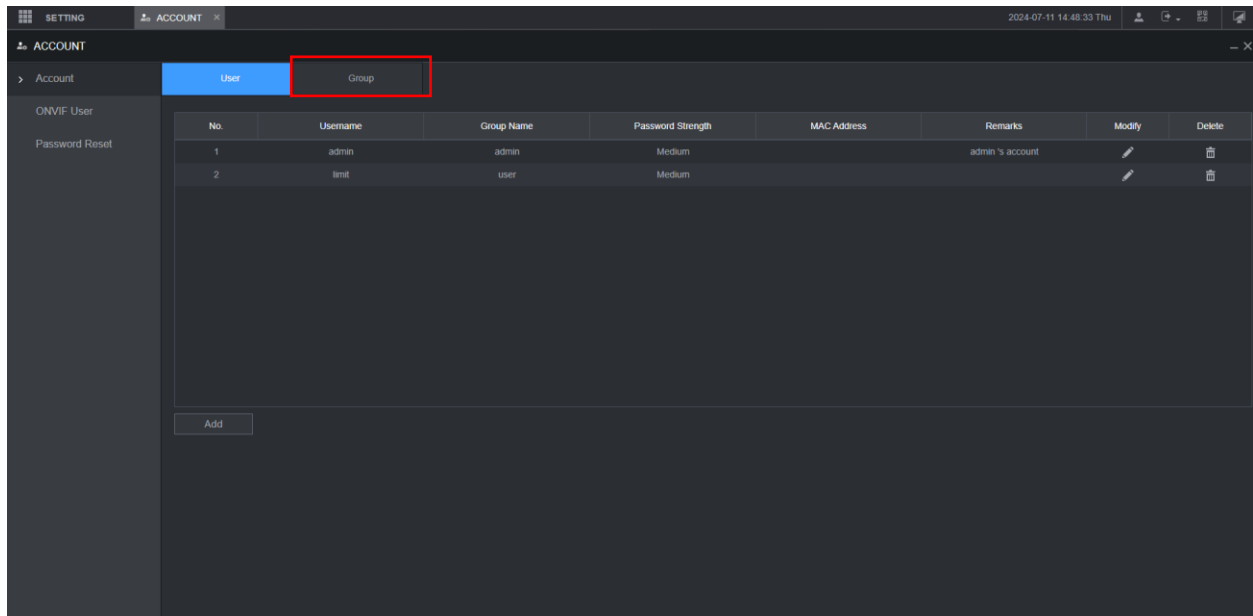

Login to the NVR

On the upper left corner click the “**settings**” button and select “**Account**”

Under the Account tab click the “**Group**” button

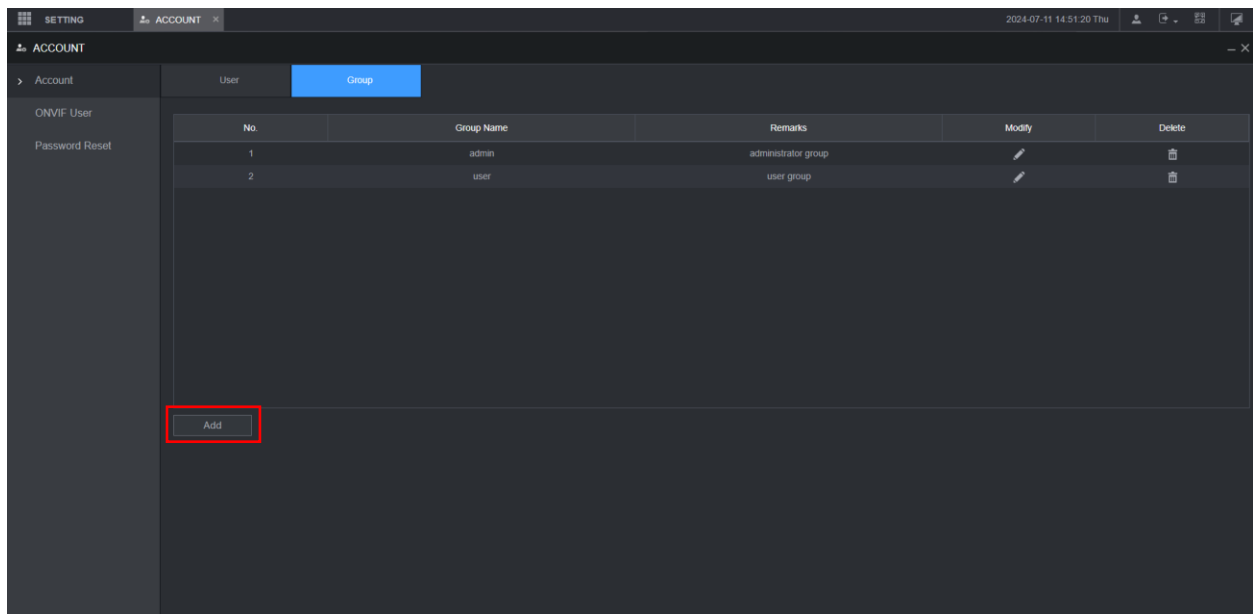

The screenshot shows the 'ACCOUNT' tab in a dark-themed interface. The 'Group' button is highlighted with a red rectangle. The interface includes a sidebar with 'ONVIF User' and 'Password Reset' options, and a main area with a table of user groups.

No.	Username	Group Name	Password Strength	MAC Address	Remarks	Modify	Delete
1	admin	admin	Medium		admin's account		
2	test	user	Medium				

[Add](#)

On the group tab click the “**Add**” button to add a new group.

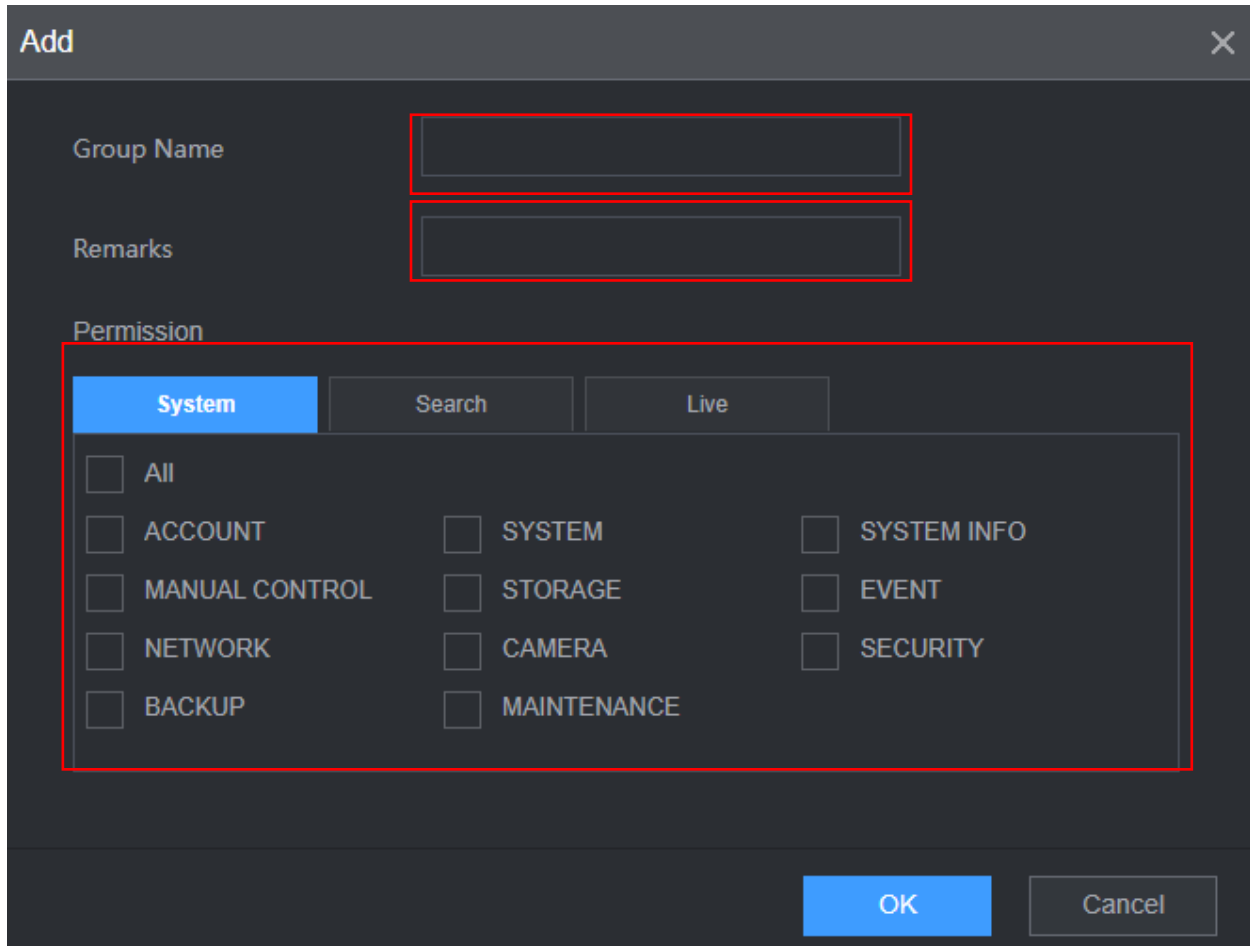

The screenshot shows the 'ACCOUNT' tab with the 'Group' button selected. The 'Add' button is highlighted with a red rectangle. The interface includes a sidebar with 'ONVIF User' and 'Password Reset' options, and a main area with a table of user groups.

No.	Group Name	Remarks	Modify	Delete
1	admin	administrator group		
2	user	user group		

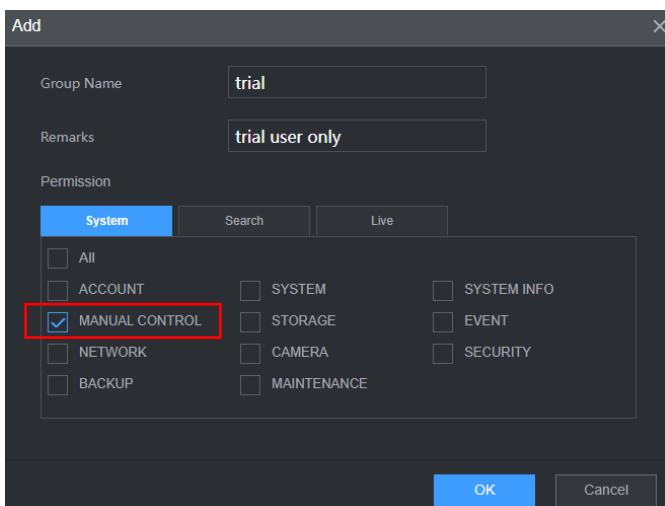

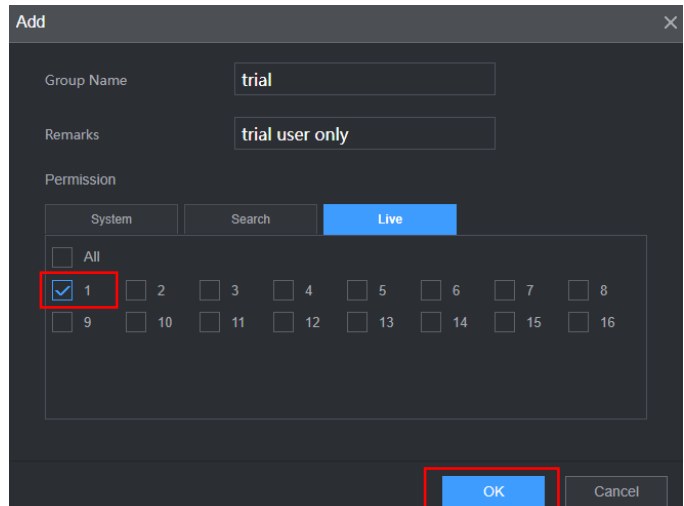

[Add](#)

In the Add section, enter the details for the new group, such as the Group Name, Remarks, and Permissions. Once finished, click the **"OK"** button.

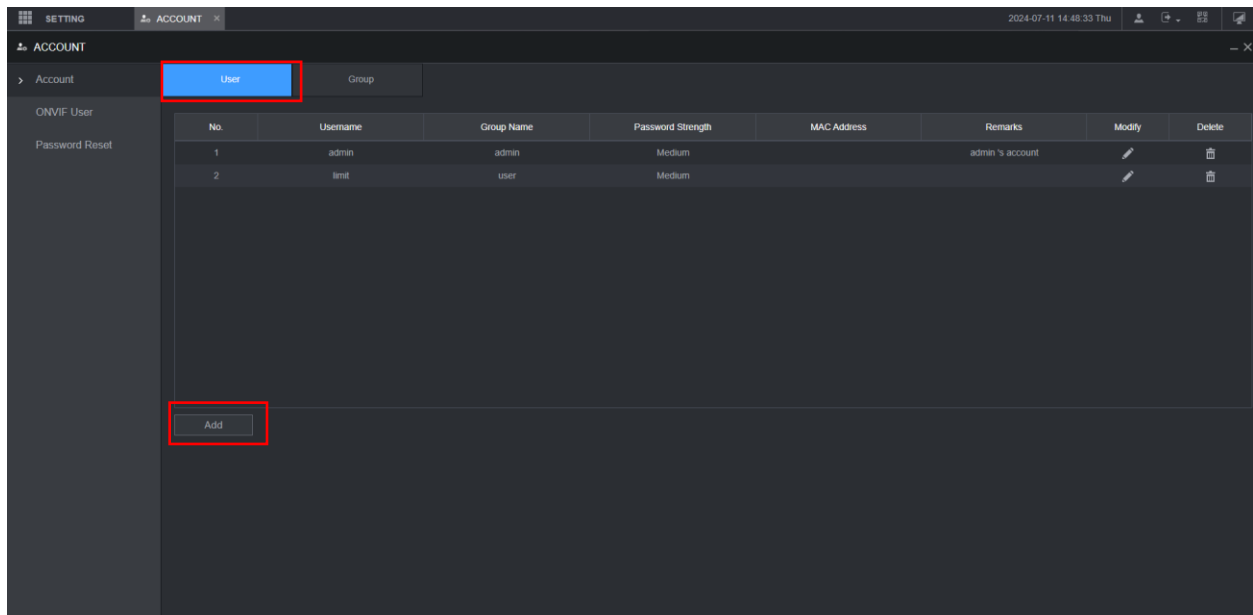

For this demo, I will be giving a user access to only one camera and manual control.

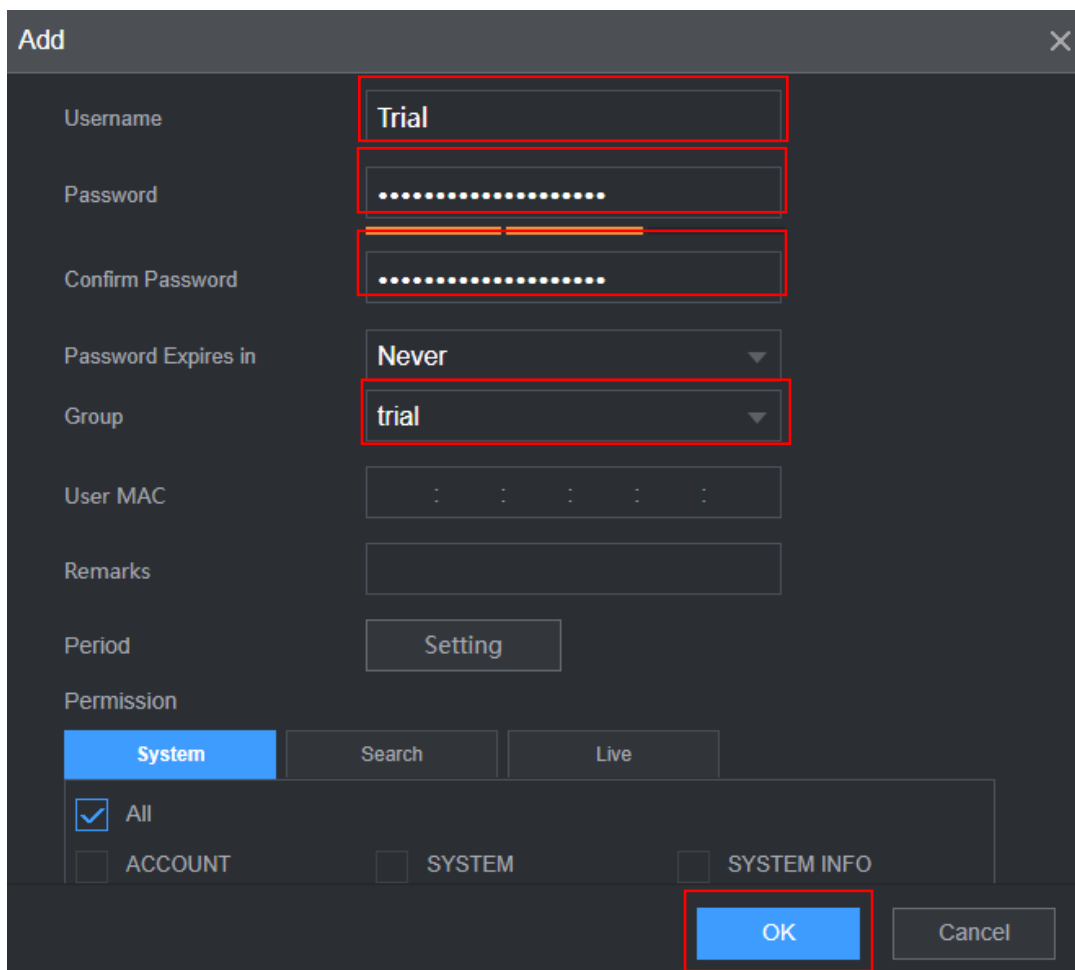

Under the **"System"** section, check the "Manual Control" box. Then, under **"Live"** and **"Search,"** check the box for channel 1. Once done, click the **"OK"** button.

Click the **User** tab and click the **Add** button

In the Add tab, input the details for the user you want to register, including the Username, Password, and Group (select the group you created). Also, configure other settings such as the period, expiration, etc.

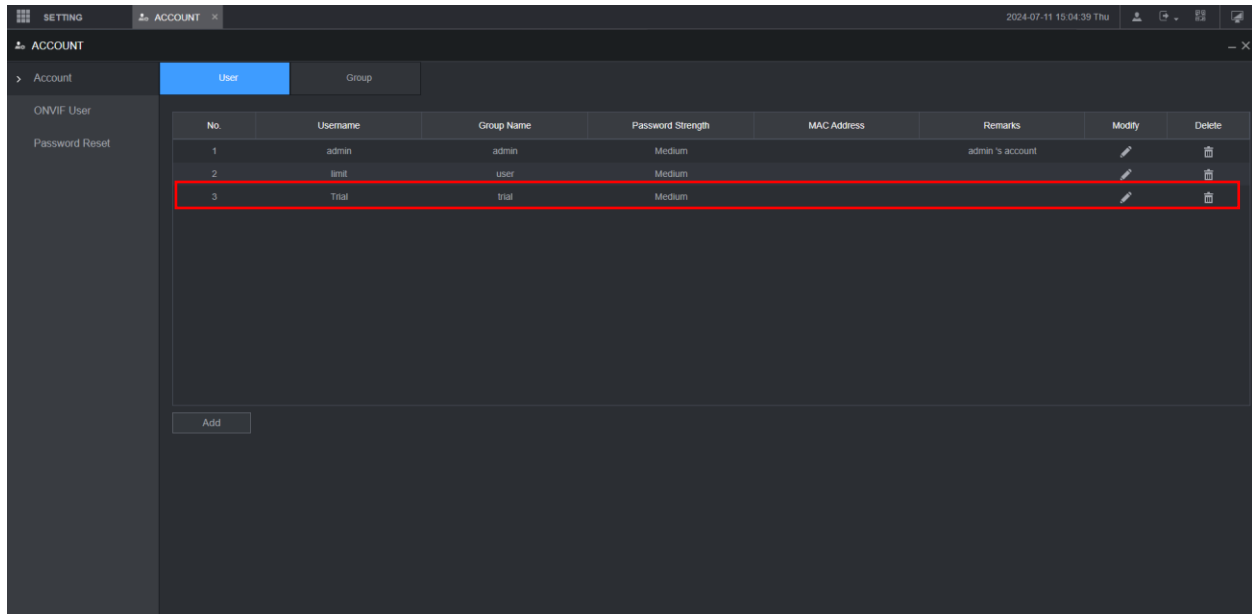

The 'Add' form contains the following fields and options:

- Username:** Trial
- Password:** [masked with dots]
- Confirm Password:** [masked with dots]
- Password Expires in:** Never
- Group:** trial
- User MAC:** [empty field]
- Remarks:** [empty field]
- Period:** Setting
- Permission:**
 - ☒ System
 - ☐ ACCOUNT
 - ☐ SYSTEM
 - ☐ SYSTEM INFO

Buttons: OK, Cancel

After Adding User Account, you will see the additional user on the list.

The screenshot shows the 'ACCOUNT' management page in the SEADAN system. The 'User' tab is selected, displaying a table of user accounts. The table has columns for No., Username, Group Name, Password Strength, MAC Address, Remarks, Modify, and Delete. Three users are listed: 'admin' (No. 1), 'test' (No. 2), and 'trial' (No. 3). The 'trial' user is highlighted with a red border. Below the table is an 'Add' button.

No.	Username	Group Name	Password Strength	MAC Address	Remarks	Modify	Delete
1	admin	admin	Medium		admin's account		
2	test	user	Medium				
3	trial	trial	Medium				

Add

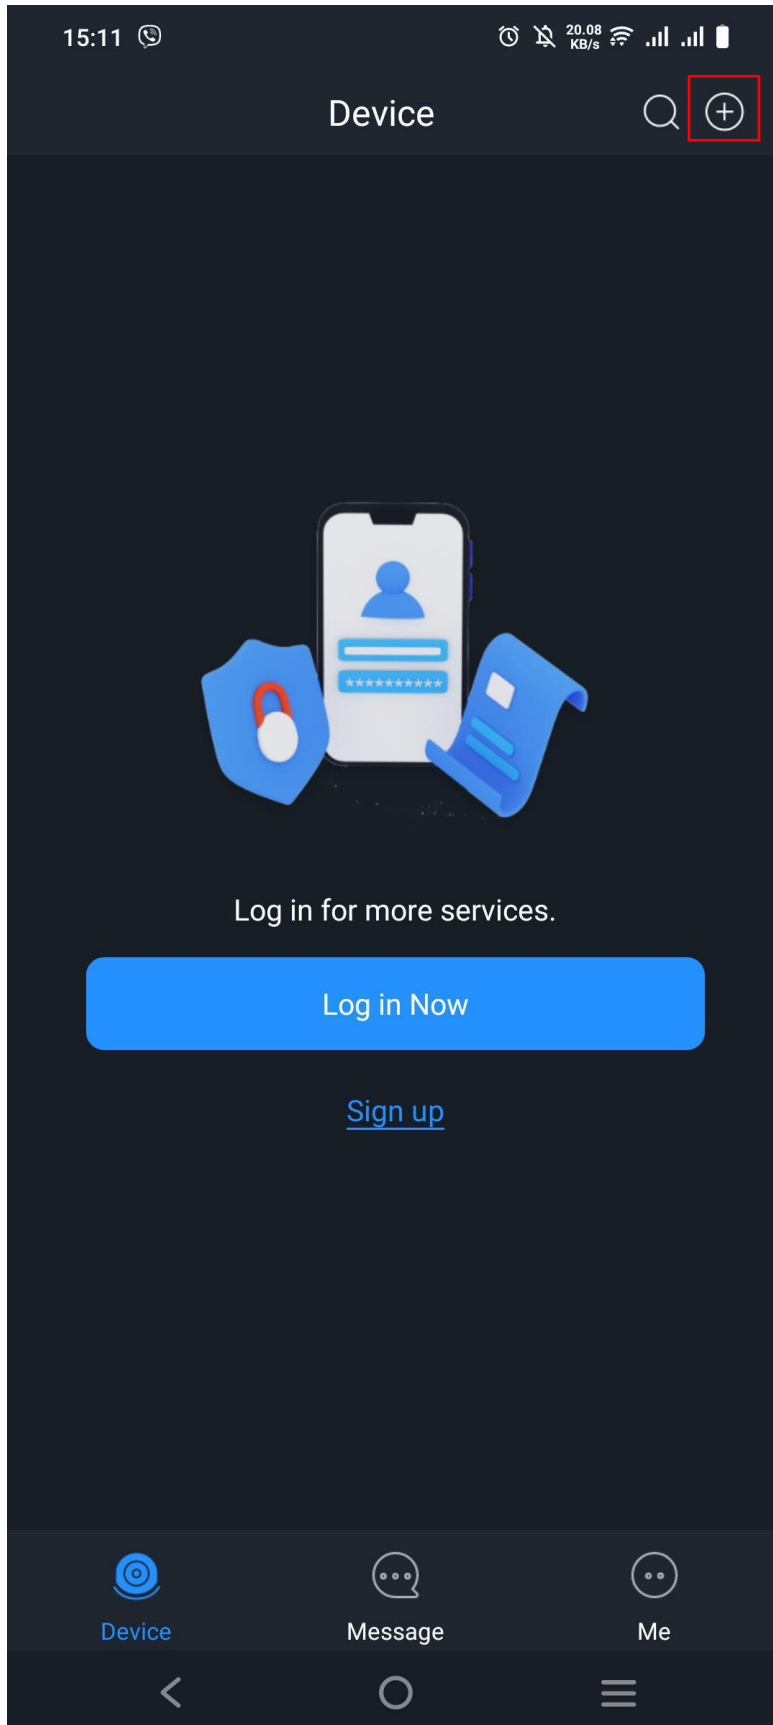

After successfully adding a user account, open your DMSS app

NOTE: you can add a different user of the NVR on DMSS while using a local account.

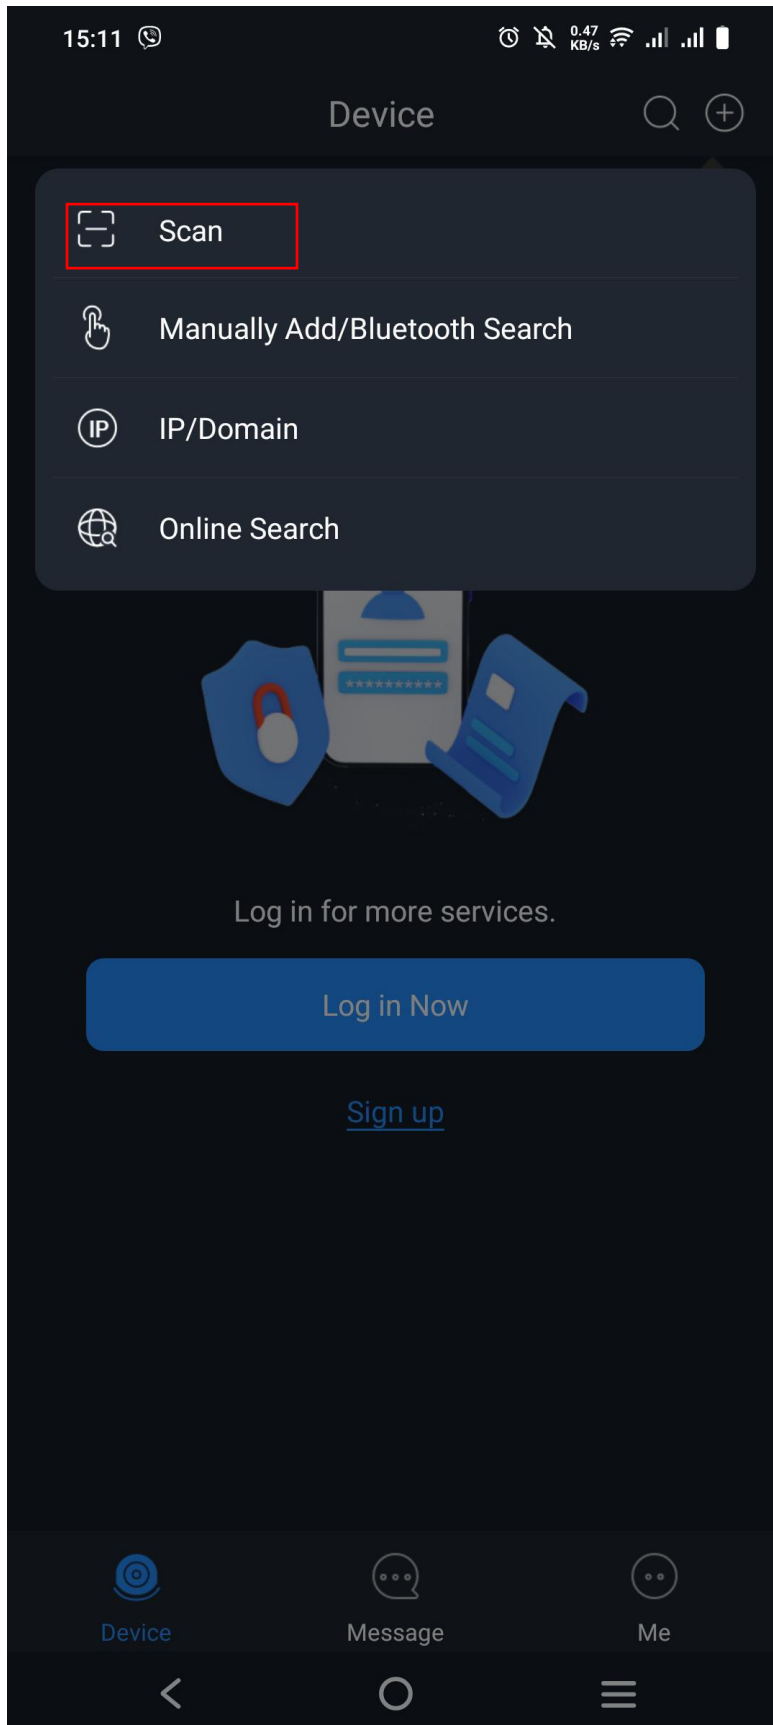

Ex: A limited permission account or a full permission account.

If you login your DMSS account, you need to add the admin account of the NVR.

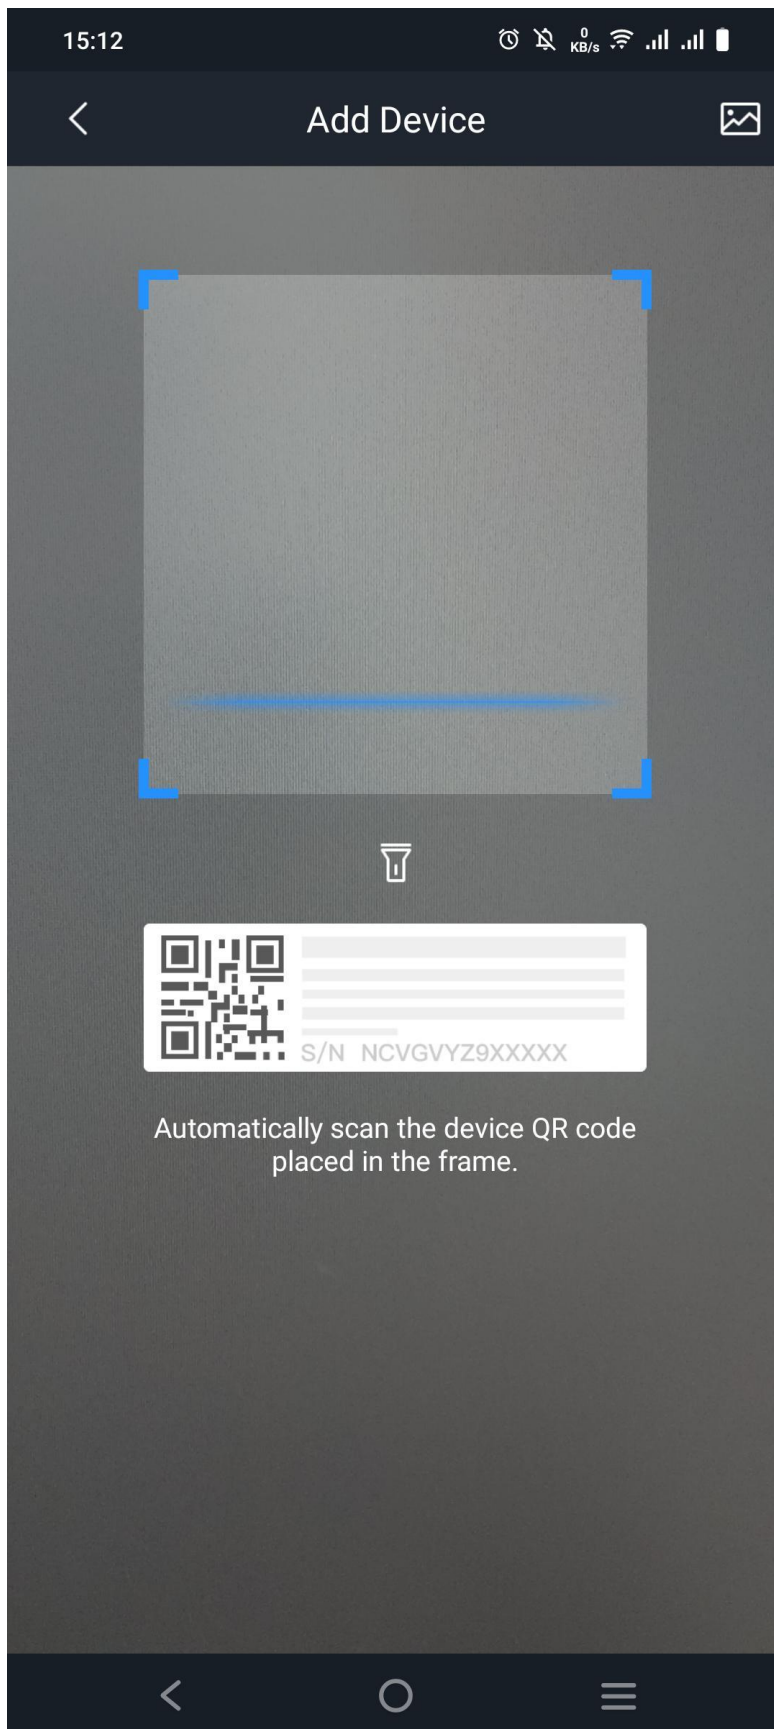

Click **Add device** at the upper right of the screen

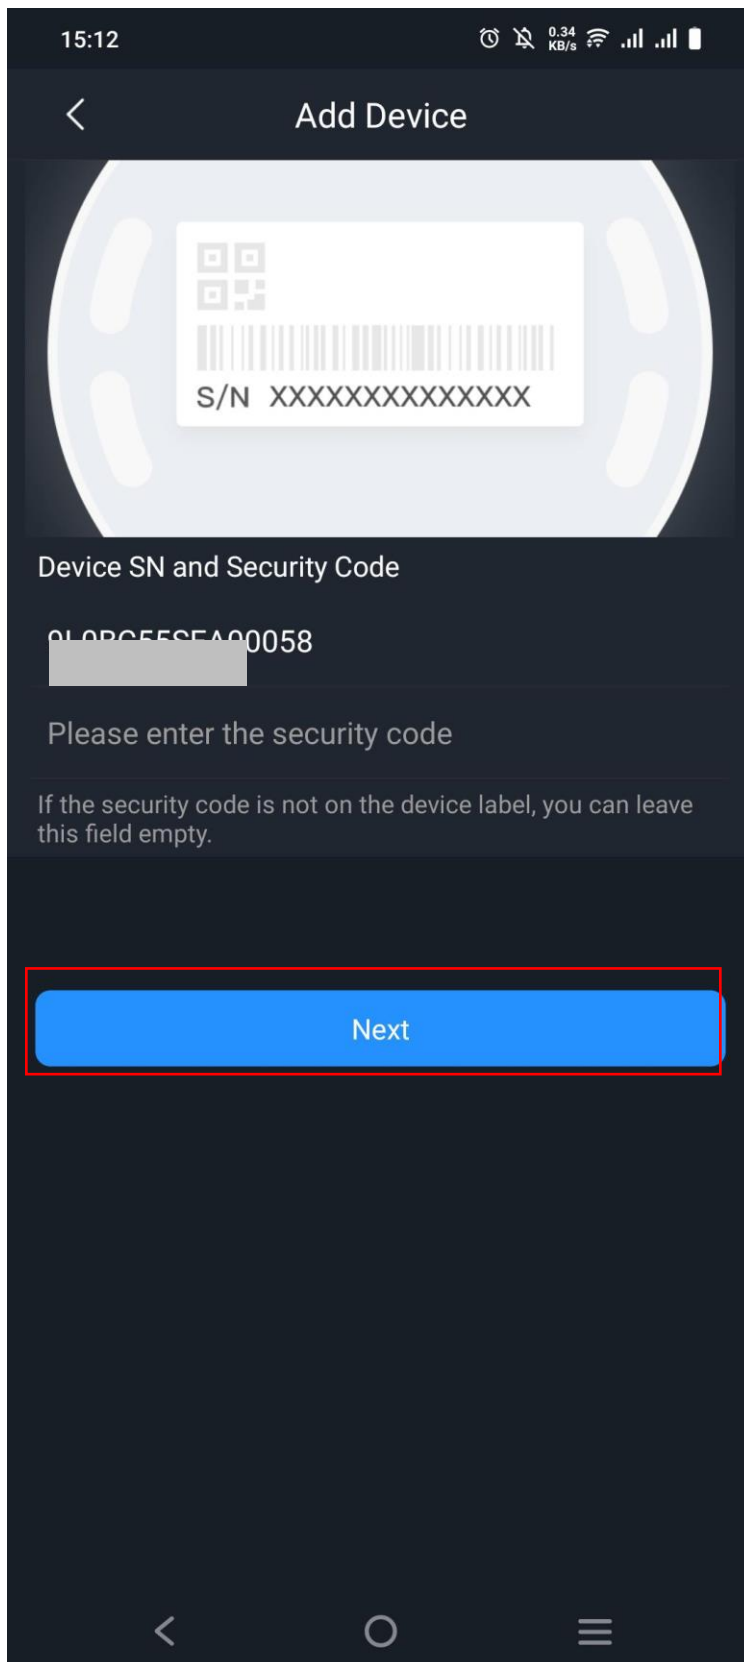

Click Scan

Scan the QR code of the Device

Continue the process and click Next

15:12 0.34 KB/s

< Add Device

S/N XXXXXXXXXXXXXXXX

Device SN and Security Code

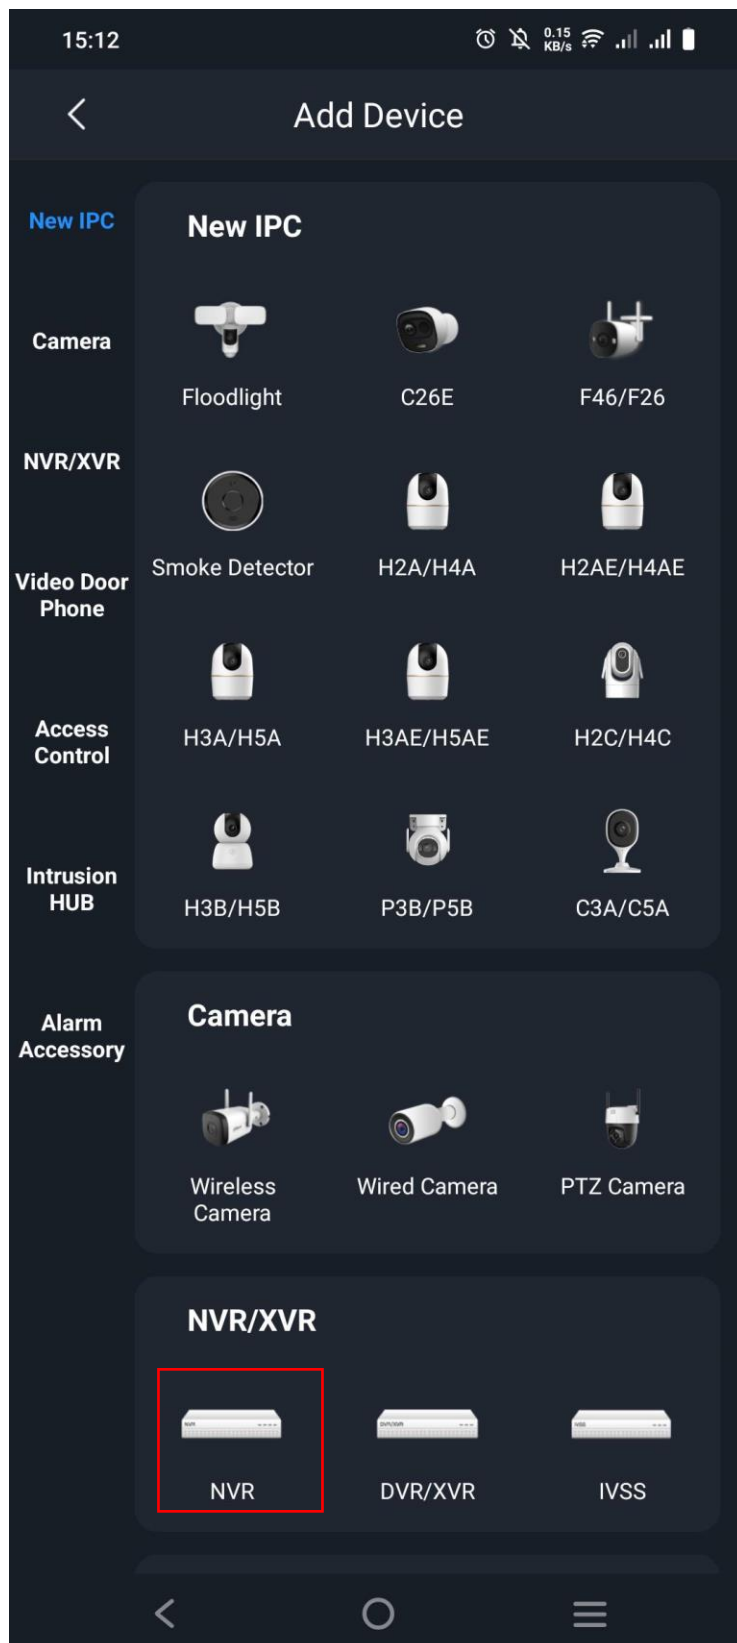

010PC55SEAD0058

Please enter the security code

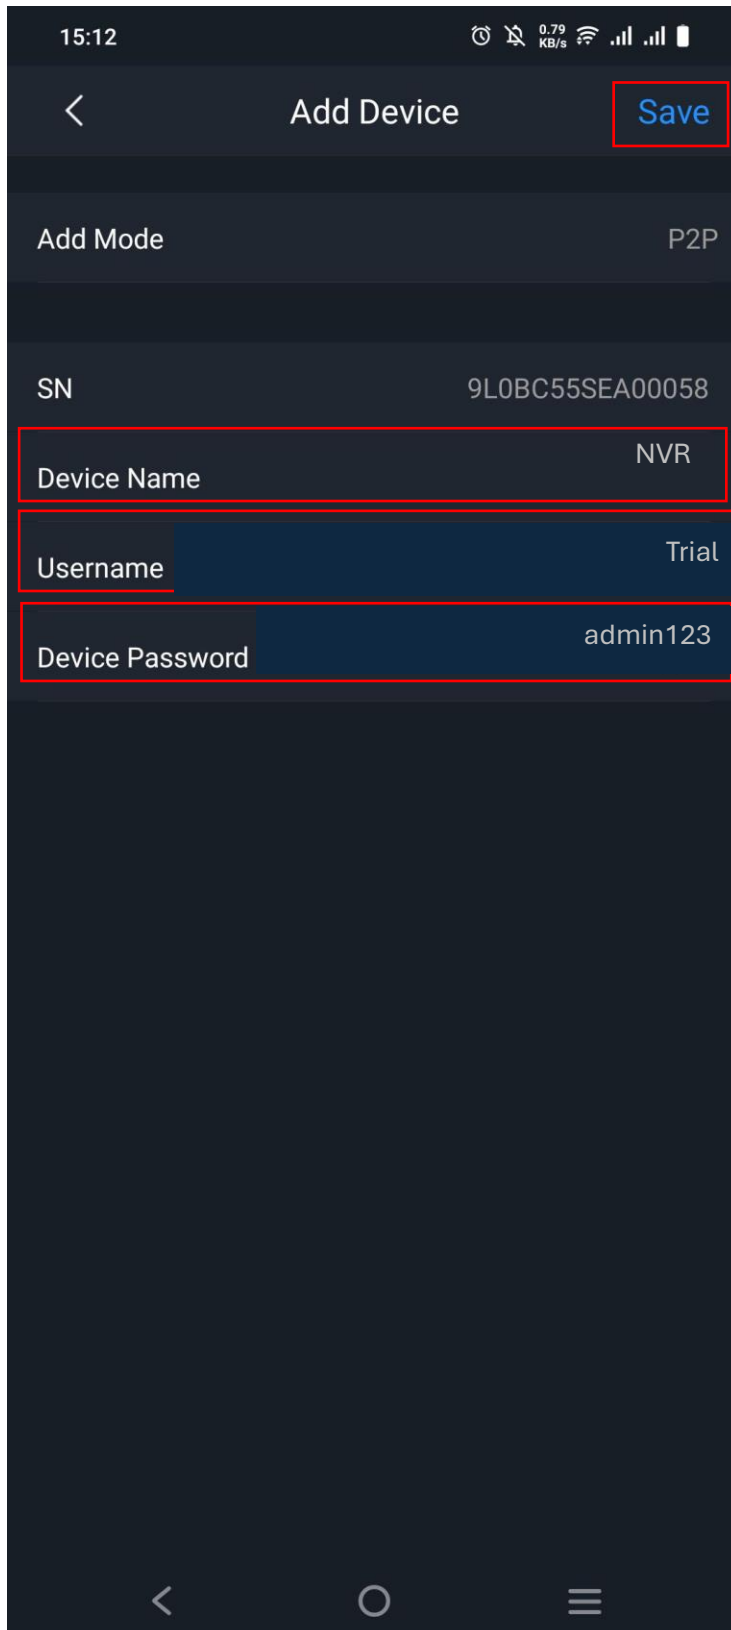

If the security code is not on the device label, you can leave this field empty.

Next

Select the NVR

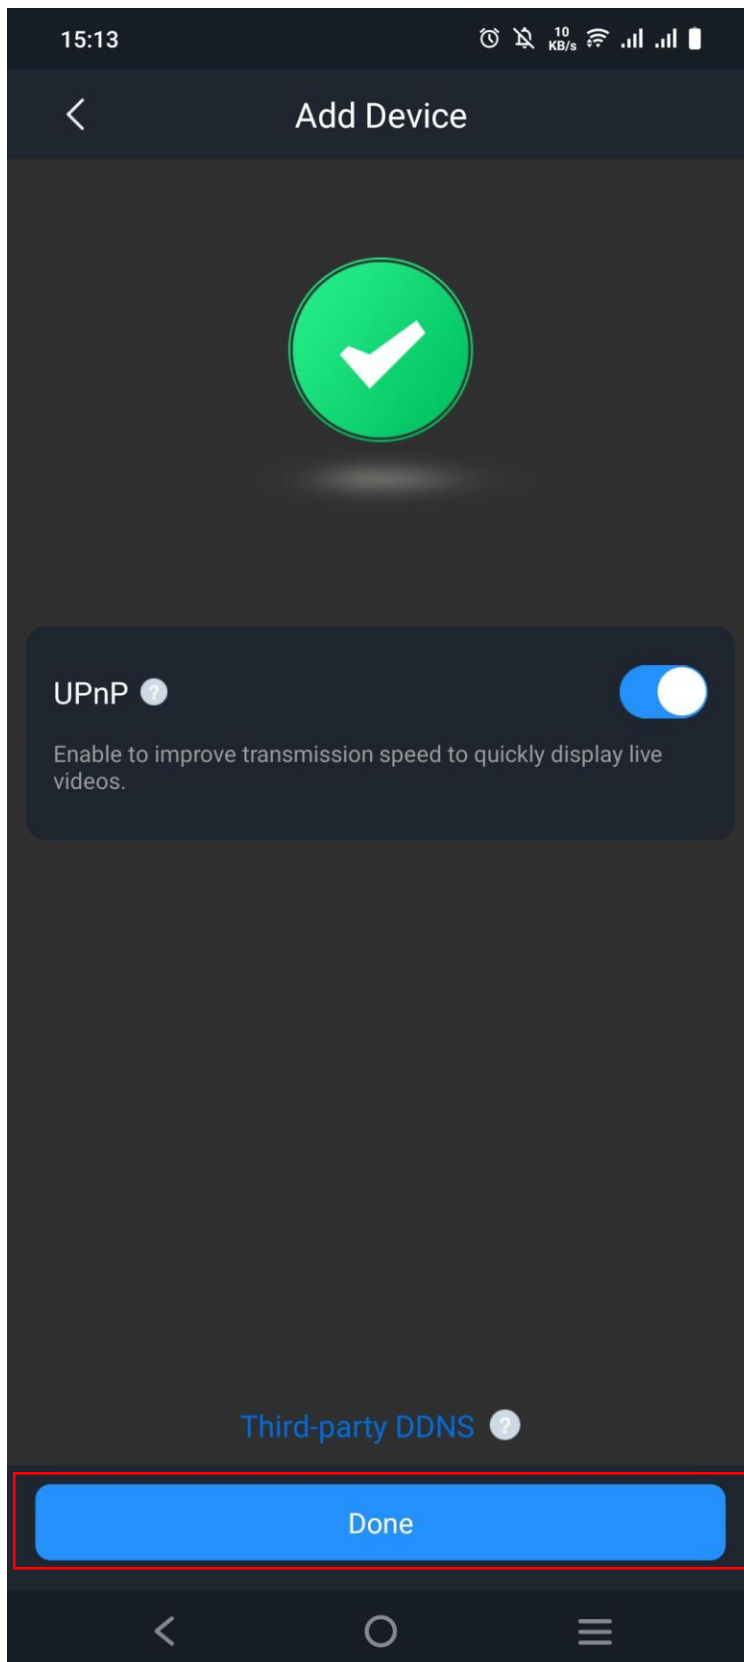

Enter the Device name → **Username** that we create for limited access, **password** and → click **Save button**. For this example, we use **Trial** as username and **admin123** as password

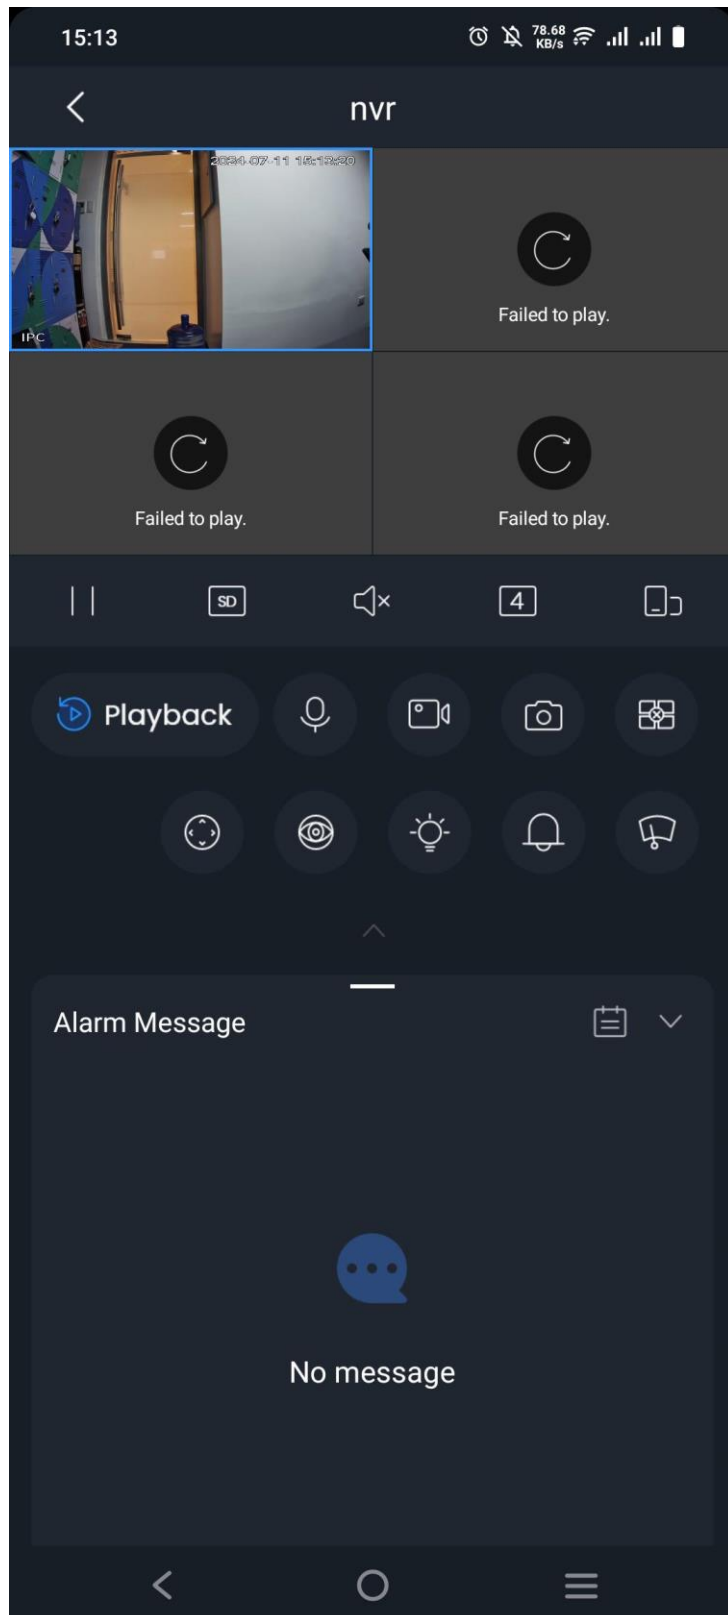

The screenshot shows a mobile application interface for adding a device. At the top, the status bar displays the time 15:12, signal strength, and battery level. The app header includes a back arrow, the title 'Add Device', and a 'Save' button highlighted with a red box. Below the header, the 'Add Mode' is set to 'P2P'. The 'SN' field contains the value '9L0BC55SEA00058'. The 'Device Name' field is labeled 'NVR' and is highlighted with a red box. The 'Username' field contains the value 'Trial' and is highlighted with a red box. The 'Device Password' field contains the value 'admin123' and is highlighted with a red box. The bottom of the screen shows standard Android navigation icons.

Field	Value
Add Mode	P2P
SN	9L0BC55SEA00058
Device Name	NVR
Username	Trial
Device Password	admin123

Continue the process and click Done

After Setup you can only see the camera permission that allowed for this user
