## Playback Web UI New

Once the page opens enter the username and password then click "Login"

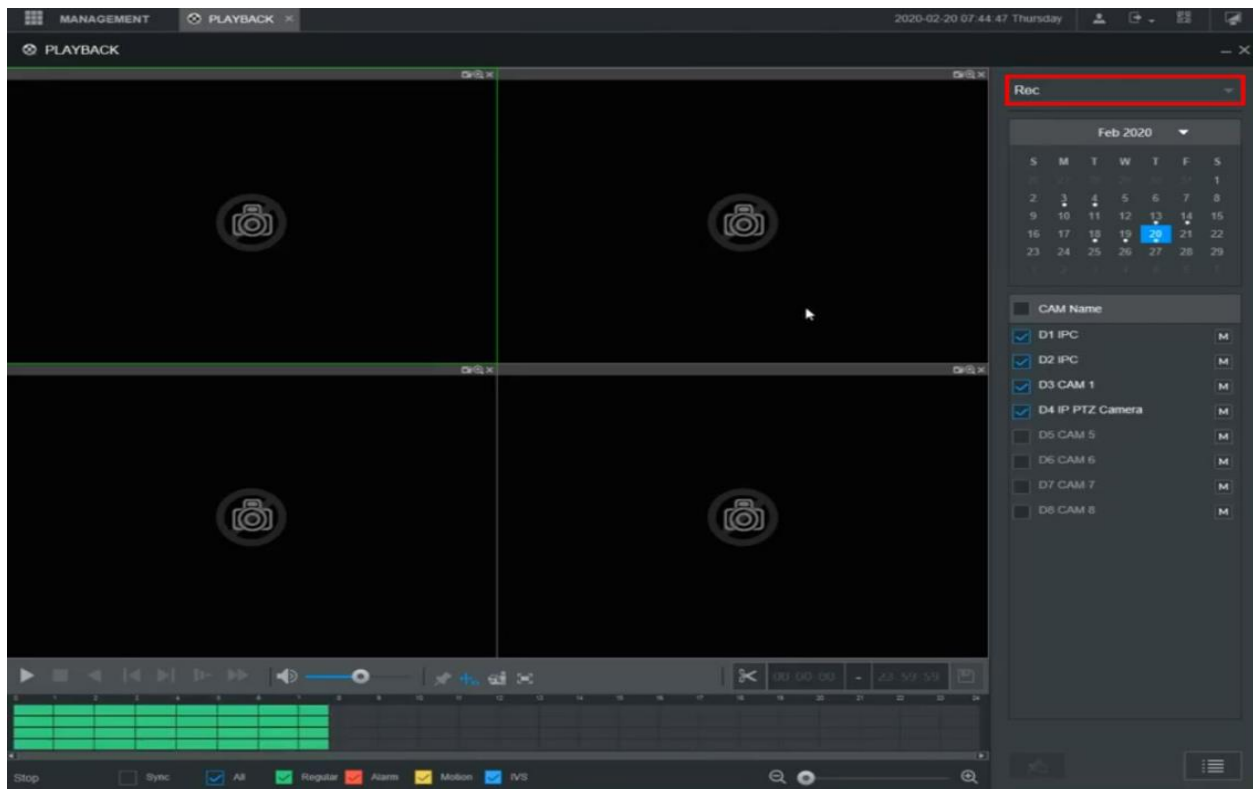

Select the playback tab

The Playback interface will then show up.

To specify the parameters for the Playback search, use the interface on the right side of the screen.
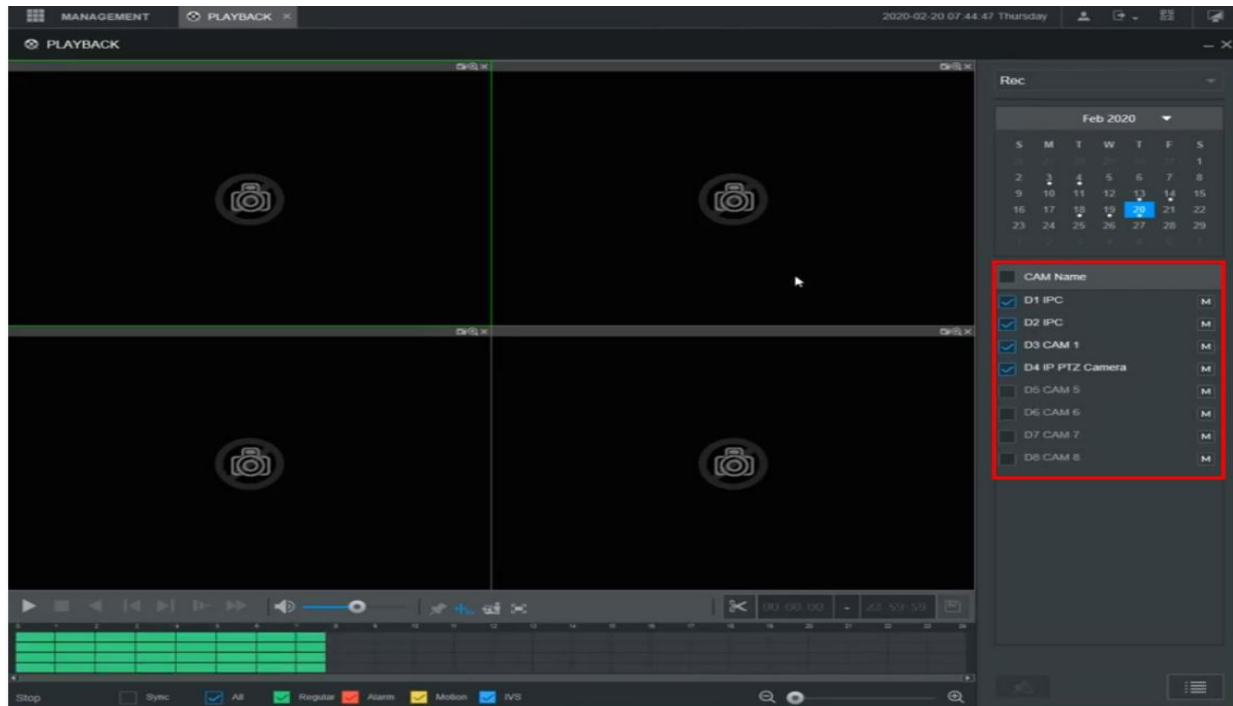

Choose a file type from the dropdown menu, including Rec, Pic, and Slice.

Choose the date using the calendar.

Use the checkboxes next to each camera and channel to choose which cameras and channels to replay.

The video will load into the timeline below the video frame when you check the camera or channel.

Click on the timeline underneath the camera view to navigate

Use the on-screen playback controls to control the playback
